

MASSACHUSETTS
PUBLIC HEALTH ASSOCIATION

Action for Equity in Health

ANNUAL REPORT 2022

MISSION

The Massachusetts Public Health Association is a champion for public health in the Commonwealth. We are a catalyst for change, eliminating health inequities and promoting healthy communities for all.

WHO WE ARE

MPHA is a nonprofit organization that promotes a healthy Massachusetts by advocating for effective policies, organizing key stakeholders, and building broad coalitions. We are leaders in the movement to create health equity by addressing the root causes of health and wellness. We promote policies that impact the major drivers of health outcomes, such as access to healthy food, safe affordable housing, and transportation. We also advocate for equitable access to critical public health services across the Commonwealth.

09 Our Grantors, Sponsors, Members, and Donors

DEAR FRIEND AND PARTNER,

As we look back on 2022, it was a year marked by significant transitions, hard work, and exciting victories for MPHA and our allies.

Over the past year, MPHA said good-bye to long-time staff members Maddie Ribble and Kristina Kimani and welcomed new staff members Mahal Alvarez-Backus and Oami Amarsingham. In an important step forward for the organization, Oami joined MPHA in the new role of Deputy Director and is now leading an all women of color policy team.

MPHA has continued the hard and vital work of deepening our two primary commitments: 1) to dismantle structural racism and 2) to listen to the voices of those most impacted by oppression in developing our policy priorities. We hope you see these commitments reflected in this report as we share with you the important victories of the past year.

We are proud to have been leading voices in the strong and broad coalitions that passed two critical ballot initiatives, Question 1: the Fair Share Amendment and Question 4 for Safer Roads.

We also continued the fight to create a 21st century local public health system through advocacy for the *Statewide Accelerated Public Health for Every Community Act (SAPHE 2.0)*. Working with our partners and legislative champions, we secured unanimous favorable votes in both chambers of the Massachusetts legislature, laying the groundwork for near-certain passage in the 2023-2024 legislative session.

None of this would have been possible without YOU – our partners, allies, and supporters – and we could not be more grateful. We look forward to more victories over the coming year, as together we build power, take collective action, and make change for greater health equity.

With gratitude and partnership,

A handwritten signature in black ink, appearing to read 'Carlene Pavlos'.

Carlene Pavlos
Executive Director

Neil Maniar
Board President

**YOUR STORIES,
OUR CAMPAIGNS**

Public Health on the Ballot

“In the successful effort to pass Ballot Question 4 for Safer Roads, MPHA was a consistent and trustworthy ally. Over the last four years, MPHA made themselves available time and time again as supportive partners in the legislative and ballot phases of the Driving Families Forward campaign. MPHA was willing to show up, and call others to action to assure passage of the law and ballot initiative that will improve the wellbeing and quality of life of so many across the Commonwealth.”

- **Chrystel Murrieta Ruiz**, Political Coordinator, 32BJ SEIU

As part of our ongoing efforts to promote health equity, MPHA endorsed two statewide ballot questions in 2022, both of which passed by sizable margins.

The first, known as Question 1: The Fair Share Amendment, changed the state Constitution to implement a 4% surtax on the portion of an individual's income over \$1 million. This change is expected to raise more than \$1 billion annually for transportation and education. MPHA is now working to ensure that a significant portion of this funding is allocated to public transportation, which promotes positive health outcomes by connecting residents to jobs, groceries, health care, and other critical services.

The second, Question 4 for Safer Roads, reaffirmed the Work and Family Mobility Act, which was passed by the legislature in July of 2022. This important legislation allows all qualified state residents to apply for a standard driver's license, regardless of their immigration status. In passing this law, Massachusetts became the 17th state to ensure that all drivers are tested, licensed, and insured, while enabling families to safely make essential trips like dropping kids off at school and going to the doctor.

Chrystel Murrieta Ruiz

Legislative Advocacy

“I have been honored to partner with MPHA for many years in the effort to create a 21st-century local public health system for Massachusetts. They have provided essential leadership at every step, from developing an advocacy strategy to communicating with stakeholders and building relationships with legislative champions. I continue to be impressed by their expertise in strategic thinking and their devotion to improving health for everyone in the Commonwealth.”

-**Phoebe Walker**, Director of Community Services, Franklin Regional Council of Governments

Phoebe Walker

(continued on next page)

Last year, MPHA continued supporting legislation to promote the fundamental building blocks of good health and guarantee equal access to strong local public health protections. In 2022, our top legislative priority was passage of the Statewide Accelerated Public Health for Every Community Act (SAPHE 2.0).

Thanks to the hard work of our legislative champions, the bill earned widespread support in the legislature and passed unanimously in both the House and Senate! Unfortunately, after the end of formal session, Governor Baker returned SAPHE 2.0 to the legislature with a poison pill amendment. His proposed changes would have dramatically weakened the bill by making minimum public health standards a local option, thus further entrenching the patchwork of policies that have made the Commonwealth's local public health system both ineffective and inequitable.

Now, MPHA and our partners are once again working to promote the passage of SAPHE 2.0. Support in the legislature remains strong, and with the recent inauguration of Maura Healey as Governor, we are optimistic that this critical bill will finally become law.

Capacity Building

“MPHA has been an invaluable partner in the fight to keep buses free in Worcester. They are dedicated to supporting the leadership on the ground in our community and have helped us to develop work plans that leverage the expertise we have at the table, as well as strategies for building out our coalition. Because of MPHA, our coalition is not only more effective at the local level, but we are also more engaged in conversation about fare free buses and strong regional transit at the state level.”

-**Anne Bureau**, Program Director, Worcester Community Connections Coalition (affiliate of the Seven Hills Foundation) and longtime member of the ZeroFare WRTA Coalition

In addition to making key strides in priority legislative campaigns, MPHA coached partner organizations interested in leveraging their time and resources to influence policy change at the state and local level. In 2022, MPHA equipped non-profits and community groups with tools to navigate the state legislative process, communicate effectively with policymakers and build their sphere of influence.

In 2022, MPHA continued to support the ZeroFare Worcester Regional Transit Authority (WRTA) Coalition in their campaign to win a permanent fare free bus policy. Transportation is a critical social determinant of health, and fares are one of the biggest barriers to access for people who rely on the bus in Worcester County. To date, the WRTA has one of the longest running fare free pilots in the Commonwealth, in large part due to the coalition's strong network of supporters that span riders, community-based organizations and elected officials. In 2022, the coalition was successful in convincing the WRTA to extend the fare free policy through June 2023.

Anne Bureau and Zero Fare Coalition

Partnership Building

Neighbor to Neighbor
Massachusetts

“ *MPHA has been an invaluable partner in our efforts to advance housing justice in Worcester and Springfield. By leveraging our collective skills and values, we are able to co-develop strategies and tactics to empower tenants across Neighbor to Neighbor’s chapter cities, while working towards realizing a more just housing system for all. This partnership is truly rewarding, and we look forward to continuing to work together to effect meaningful change.”*

-Katie Talbot, Lead Organizer and **Miles Gresham**, Campaign Director for Neighbor to Neighbor Massachusetts

Last year, we made critical advances in our efforts to promote the fundamental building blocks of good health, including access to reliable public transit, stable and affordable housing, and clean air, while deepening partnerships with community-based organizations and community-led coalitions that are informing and enriching these campaigns, including Homes for All Massachusetts, the Regional Transit Authority Advocates Coalition, the Massachusetts Environmental Justice Table, and Neighbor to Neighbor, a grassroots advocacy organization.

In 2022, through a community-driven process, MPHA and Neighbor to Neighbor altered the scope of our joint initiative to focus on the skyrocketing housing costs that have put growing financial pressure on most middle- and low-income families across the Commonwealth, particularly in Gateway Cities like Worcester and Springfield. Access to affordable housing is a fundamental driver of positive health outcomes, promoting well-being, fostering stable employment, and contributing to long-term family and social connections. As we look ahead to the next legislative session, we will continue to build a coalition of residents, community-based organizations, and local leaders across Neighbor to Neighbor’s chapter cities to advance housing justice campaigns that will empower low-income residents and residents of color to advocate for anti-displacement, tenant empowerment, and local rent control legislation at the municipal and state level.

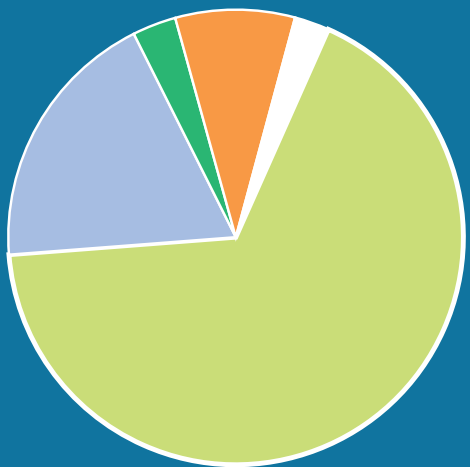

“ *MPHA has been an invaluable partner in my work as a legislator. Not only are they highly skilled in both advocacy and coalition building, they are deeply committed to achieving health equity and improving the lives of all residents. MPHA recognizes that achieving real change takes more than commitment, it takes patience and perseverance and showing up time after time.”*

-State Representative Hannah Kane, Ranking Minority Member, Joint Committee on Public Health; Ranking Minority Member, Joint Committee on Health Care Financing
