

DID YOU KNOW

Investing in local public health, creates more job opportunities for our communities.

Public Health Excellence funds have been used to provide pathways to careers in public health for people within local communities like Tisbury and Edgartown. These funds have built the knowledge and skills base of people like Drew and Brice so that they are equipped to protect the health and safety of their neighbors.

Drew's Story: Kitchen Expediting to Health Inspecting

Brice's Story: Bartending to Board of Health Certified
